

UWTELL PROJECT-TELL EQUITY GRANT

Your child's school is participating in a federal grant with the University of Washington, Tacoma. The TELL-EQUITY Grant goals are (1) to establish, expand, or improve learning environments for multilingual learners, (2) increase public awareness about the benefits of fluency in more than one language, (3) show how the coordination of language development in the school and the home improves outcomes for our multilingual learners.

Your child's teacher is a part of this grant. We would appreciate you taking a brief moment to complete this short survey and return it to your child's classroom teacher.

Thank you,

Dr. Belinda Louie, Grant Director

Dr. Karlyn Davis-Welton, Grant Coordinator

UWTELL PROJECT-TELL EQUITY GRANT

- 6. The school makes an extra effort to reach diverse families who may have difficulty being involved.**
