

## Study Tables every Wednesday!

By: Ambre Fontana

Come join the Peer Success Mentors every Wednesday from 12:30 pm to 1:30 pm in the Writing Center (SNO 2nd floor). Snacks will be provided and you might even catch Nestor and Dr. Cassie Miura at the study tables! Struggling with an assignment or how to prep for midterms? Feeling a bit overwhelmed with how much you have to do, and how little time you have? You can meet with a Peer Success Mentor during the study tables, and we'll help guide you toward being the best student you can possibly be! Or just come to study with your friends, and get some much-needed work done!

## Last Week's Recap

This past Saturday was the first annual AAPI Student Conference, held on campus! We were joined by UWT Alum Vincent Da as our keynote speaker, with four workshops taught by AAPI faculty. It included a special performance by local Filipino American R&B artist, Adrian Milanio, and performances from two RSOs: PISA and FASA, both of which included two of our Wayfinders, Haina and AJ!

## Mentor highlight: Komisi

Komisi is an undergraduate Computer Science major. He loves listening to different genres of music, helping out the community, and trying out different cultural dishes. In the future, he hopes to work for a big tech company. In his free time, he enjoys hanging out with family and friends, playing video games, and having fun. You can always catch him around Tacoma or Lakewood traveling and eating at different places.
