### **Announcements**

Sean mentions how the possible federal decisions will affect students and the university itself. There will likely be reductions in grants/overheads (specifically at UWS), however UWT will not be as impacted. Sean recommends committee members to look ahead as well as to be wary of the current situation when it comes to the committee meetings and the specific approvals for annual and special allocations.

Gordon commended Anchal and others for participating in the Business Case Competition last week.

### **Adjournment**

- Sam adjourned the meeting at 4:25pm.
